RE: Support letter for Carolinas Center for Ambulatory Dentistry's proposal to develop a dental-only ambulatory surgical facility 2738 Rozzelles Ferry Road, Charlotte, North Carolina

Dear Ms. Frisone:

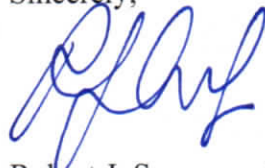

We understand that the Carolinas Center for Ambulatory Dentistry, LLC is applying for Certificate of Need approval to develop a dental-only ambulatory surgical facility in Charlotte. As shown in CCAD's application, we are the owners of the proposed site at 2738 Rozzelles Ferry Road and plan to work with the applicant to develop the necessary building in which the facility will be located.

We understand another applicant proposes to construct a dental surgical facility on an adjacent property, which happens to be a property which we also own/control. To date, we have not had any discussions with the other applicant, the Surgical Center for Dental Professionals of Charlotte.

We would like to confirm our support for the project proposed by the **Carolinas Center for Ambulatory Dentistry**. We think it is an excellent proposal and would be of great benefit to residents of the area. The new trolley and light rail system will provide public transportation directly to our area.

If there are any further concerns regarding our arrangement with the Carolinas Center for Ambulatory Density, please contact me at your earliest convenience. Thank you.

Sincerely,

Robert J. Sweeney, Jr.
President
