RE: Exempt from Review – Acquisition of Home Health Professionals (Medicare # 347129,
Licensure # HC 0354) by Bayada Home Health Care, Inc. / Person County
FID #953836

Dear Mr. Freedman:

In response to your letter of May 9, 2012 the above referenced proposal is exempt from certificate of need review in accordance with N.C.G.S 131E-184(a)(8). Therefore, you may proceed to acquire the above referenced health service facility without first obtaining a certificate of need. However, you should contact the Acute and Home Care Licensure and Section of the Division of Health Service Regulation to obtain instructions for changing ownership of the existing facility. Note that pursuant to N.C.G.S. § 131E-181(b): *“A recipient of a certificate of need, or any person who may subsequently acquire, in any manner whatsoever permitted by law, the service for which that certificate of need was issued, is required to materially comply with the representations made in its application for that certificate of need.”*

It should be noted that this Agency's position is based solely on the facts represented by you and that any change in facts as represented would require further consideration by this Agency and a separate determination. Please forward notification of the new owner of the real estate after foreclosure sale has taken place. If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,

Gene DePorter
