Dear Ms. Rock:

The Certificate of Need Section (CON Section) received your letter of 1 July 2013 regarding the above referenced proposal. Based on the CON law **in effect on the date of this response to your request**, the proposal described in your correspondence is not governed by, and therefore, does not currently require a certificate of need. However, please note that if the CON law is subsequently amended such that the above referenced proposal would require a certificate of need, this determination does not authorize you to proceed to develop the above referenced proposal when the new law becomes effective.

Moreover, you need to contact the Construction and Nursing Home Licensure and Certification Section of the Division of Health Service Regulation to determine if they have any requirements for development of the proposed project.

It should be noted that this determination is binding only for the facts represented by you. Consequently, if changes are made in the project or in the facts provided in your correspondence referenced above, a new determination as to whether a certificate of need is required would need to be made by the Certificate of Need Section. Changes in a project include, but are not limited to: (1) increases in the capital cost; (2) acquisition of medical equipment not included in the original cost estimate; (3) modifications in the design of the project; (4) change in location; and (5) any increase in the number of square feet to be constructed.

**RE: Exemption Notice for Scotland Manor Health Care Center
SNF in Halifax County
FID #923218**

Dear Mr. Smith:

LP Scotland Neck, LLC is planning to operate a skilled nursing facility in Halifax County, currently known as Kindred Nursing and Rehabilitation-Scotland Neck (hereafter the "Facility") and the FID # is 923218. The Facility is located at 920 Jr. High School Road, Scotland Neck, North Carolina 27874-1218. The Facility is licensed by the State of North Carolina, Department of Health and Human Services, Division of Health Service Regulation for 62 nursing facility beds (license attached).

LP Scotland Neck, LLC will lease the Facility through a lease agreement. The purpose of this letter is to provide prior notice of this acquisition of operations, which is exempt from Certificate of Need ("CON") review, to the North Carolina Department of Health and Human services, Division of Health Services Regulation, Certificate of Need Section (the "Agency"). LP Scotland Neck, LLC seeks confirmation that it is permitted to operate the Facility as described herein without CON Review, thus transferring the Facility's existing CON rights to that existing health service facility (as defined in the CON statute) with 62 nursing facility beds.

I. THE PROPOSAL

As of this date, Johnson & Stone Associates owns the property and building comprising the Facility, which is an existing "health service facility," as that term is defined in N.C. Gen. Stat. § 131E-176(9)(b), and Kindred Nursing Centers East, LLC is the Licensee. LP Scotland Neck, LLC will acquire the operations of and lease the Facility, and the Licensee will be LP Scotland Neck, LLC. The Facility will then be known as Scotland Manor Health Care Center.

Division of Health Service Regulation
Exemption Notice for Autumn Village

II. EXEMPTION NOTICE

Under North Carolina law, a Certificate of Need (“CON”) is required only prior to offering or developing a “new institutional health service.” “New institutional health service” includes a variety of services and activities, including a capital expenditure exceeding \$2 million. N.C. Gen. Stat. § 131E-176 (16)(b).

The North Carolina General Assembly saw fit to exempt certain types of services or proposals from CON review, pursuant to N.C. Gen. Stat. § 131E-184. One such exempt service or proposal includes the acquisition of an existing health service facility, “including equipment owned by the health service facility at the time of acquisition.” N.C. Gen. Stat. § 131E-184 (a)(8).

This project involves only the acquisition of operations of an existing skilled nursing facility, which falls within the purview of the statutory definition of “health service facility.” After the acquisition of operations, the new Licensee, LP Scotland Neck, LLC, will operate the Facility as a skilled nursing facility. Furthermore, LP Scotland Neck, LLC’s acquisition of operations of the Facility does not entail the purchase of any major medical equipment or any *per se* reviewable equipment as defined in N.C. Gen. Stat. §§ 131E-176(14)(o) and (16)(fl). Likewise, the acquisition of operations does not include the offering of any *per se* reviewable services. N.C. Gen. Stat. § 131E-176(16)(f). Thus, given that the transaction involves only the acquisition of operations of an existing health services facility, it is exempt from CON review.

III. CONCLUSION

Based on the foregoing information, we hereby request the Agency’s confirmation that the proposal described above is exempt from CON review, pursuant to N.C. Gen. Stat. § 131E-184 (a)(8), and thus LP Scotland Neck, LLC may acquire the operations of the Facility with all its existing CON rights without a CON.

In addition, we respectfully request that this request be considered on an **expedited basis** because the parties wish to proceed with this transaction as soon as possible. If you require additional information to consider this request, please contact us at (502) 804-3711 or by email at drock@shccs.com as soon as possible. We thank you for your consideration of this request.

Sincerely,

Dana Rock
