Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

F 580	<p>Continued From page 2</p> <p>of the resident's fall and change in condition for 1 of 4 sampled residents reviewed for change of condition.</p> <p>Findings included: Resident #89 was originally admitted to the facility on 1/27/2023; she was readmitted on 2/26/2024. Her diagnoses included malignant neoplasm of colon, weakness, malignant neoplasm of unspecified ovary.</p> <p>Review of the significant change Minimum Data Set (MDS) dated 6/5/24 revealed Resident #89 was cognitively intact. She was independent concerning mobility which included sitting to lying, chair/bed to chair transfer, toilet transfer, tub/shower transfer, walking 10 ft, walking 50 feet with 2 turns, and walking 150ft. She was in hospice care.</p> <p>Review of Resident#89's electronic medical record (EMR) listed her daughter #1 as her responsible person (RP).</p> <p>Review of Nurse #1's progress notes revealed on 7/14/2024 resident #89 was found lying on the floor beside her bed. She had fallen out of bed and hit her head on the trash can. She was found to have a 1/2-centimeter (cm) laceration over left eyebrow. Resident #89's family who lived locally, (daughter #2 and resident #89's son in law), came to visit her. The nursing documentation further stated resident #89 knew daughter #2 and her son in law and spoke with them at that time.</p> <p>An interview was conducted on 07/23/24 12:28 PM with Nurse #1. She stated she did not witness the fall. She added resident #89 was in hospice and had a do not resuscitate order (DNR). She</p>	F 580	<p>as required (such as hospice) has been ongoing since 7/26/2024 and will be completed by 8/28/2024. The Social worker or designee will follow up via telephone or RP preferred method to ensure notification did occur.</p> <p>All new employees will be educated on same.</p> <p>The DON or designee will monitor for notification of incidents or significant change in condition and this subject will be addressed in all future care plan meetings to ensure compliance. Weekly audits will be completed by the DON or designee and reported at IDT meetings for 30 days, and monthly at QA meetings for the next 90 days.</p>

F 580	<p>Continued From page 3</p> <p>stated she was notified by Nurse #2 that resident fell and had a gash on her head. She stated resident #89 was placed back to bed and she was still talking at that time. Nurse #1 asked Nurse #2 if resident needed to go out. Nurse #1 stated Nurse #2 called resident #89's hospice nurse. Nurse #1 stated daughter #2 and son in law came to visit resident #89 and was informed about the fall. Nurse #1 added daughter #2 came to the nursing desk to tell them resident #89 fell asleep and they would come back another time. Nurse #1 stated the hospice nurse arrived and stated the hospice nurse called the physician and daughter #1 (RP) in North Dakota (ND) who told her she did not want resident #89 to be sent out. Nurse #1 added the next day the Nurse Practitioner (NP) came in and spoke to daughter #2 and son in law (who live locally), as well as daughter #1. The hospice supervisor was present as well. Daughter #1 living in ND was put on speaker phone and stated she did not want resident #89 sent out.</p> <p>An interview was conducted on 7/23/24 at 3:00pm with daughter #2 who was present after resident #89 fell. She stated she and her husband walked into resident #89's room and was told by staff resident had just fallen. She stated resident #89 responded to her. Approximately 15-20 minutes later resident #89's eyes closed, and she started snoring. She then called her brother, who lives locally and told him something wasn't right. At that point resident #89 opened her eyes, leading daughter #2 to think she was overreacting. She stated she went out to nursing desk and told them resident#89 was asleep and they would come back. She stated around 7pm her sister/resident #89's RP called her and told her the hospice nurse called her and</p>	F 580

F 580	<p>Continued From page 4</p> <p>informed her resident #89 fell and she had symptoms of a possible brain bleed.</p> <p>An interview was conducted on 7/23/24 at 2:41pm with resident #89's daughter #1/RP. She stated she found out about resident #89's fall and unconscious state from the Hospice Nurse the evening of 7/14/2024. Daughter #1 was not notified by the facility until the next day that resident #89 fell and was not responsive.</p> <p>An interview was conducted on 07/24/24 at 11:56 AM with Nurse #2. She stated she recalled resident #89 fell and hit her head. She believes she was the one who called hospice. She stated she was present when hospice came, however does not recall a phone conversation with resident #89's RP. She does recall another daughter being present. She stated resident #89 had been declining in the previous weeks. She recalled that resident #89 was alert at the time she left her shift.</p> <p>An interview was conducted on 07/24/24 at 2:29 PM with the Hospice Nurse. She stated the facility called her about resident #89's fall. She arrived at the facility between 5:30-6:00pm on 7/14/2024 and spoke to Nurse #2 who told her resident #89 had a small cut on her forehead and was talking since the last report. The hospice nurse stated she walked into resident #89's room, found her lying in bed asleep and snoring. She attempted to wake her, performed a sternal rub, and got no response. She checked her pupils which were pin-point and fixed. She stated she then went down to the nurse's station and called resident #89's RP to inform her what happened. The RP told the Hospice Nurse the facility hadn't contacted her yet about it. The Hospice Nurse and resident #89's RP discussed the options of</p>	F 580

F 580	<p>Continued From page 5</p> <p>sending her to the hospital or keeping her at the facility and keeping her comfortable; the RP told the Hospice Nurse not to send resident #89 out, to just keep her comfortable. After leaving the facility, the hospice nurse stated resident #89's RP called her back and told her she was concerned after speaking to a male nurse, that resident would not be made comfortable/monitored for seizures/get the care she needed. The Hospice Nurse stated she told the RP she would stay the night with her and returned to the facility around 9:30pm. The Hospice Nurse stated she stayed with resident and received updated pain medication orders from as needed to every 2 hours after speaking with her hospice physician. The Hospice Nurse stated she did not notice any seizure activity.</p> <p>Review of the Nurse Practitioner's progress note dated 7/15/2024 revealed she was not made aware of this resident #89's condition until she came in to do rounds. The NP's progress note indicated she had a detailed conversation with resident #89's son, Hospice Nurse, and her RP (via telephone) at which time resident #89's RP wanted her to have comfort measures only. The NP's progress note included that the facility staff/hospice team were made aware of the importance of contacting teamhealth whenever there is a change and or a need to speak to a provider regarding her care.</p> <p>During an interview on 7/24/24 at 10:41AM with the facility Nurse Practitioner she indicated resident #89's RP did not want her sent out. She added she would expect to be notified of any changes in status.</p> <p>An interview was conducted with the facility physician on 7/24/24 at 11:33 AM, who stated per</p>	F 580

F 685	<p>Continued From page 23 the facility.</p> <p>An interview was conducted with MDS Coordinator #1 on 7/25/24 at 10:15 AM. She stated she tested his vision for the MDS assessment by having him identify objects and read a sentence. MDS Coordinator #1 stated if a resident's record had an order for a referral to see a specialist and she did not see evidence that it was done, she would discuss it with the provider and follow up with staff regarding the appointment. MDS Coordinator #1 stated she did not recall any follow up that she had completed regarding the ophthalmologist or retinol specialist appointments for Resident #101.</p> <p>A follow up interview with MDS Coordinator #1 was conducted on 7/25/24 at 12:05 PM. MDS Coordinator #1 stated a care plan meeting was held with Resident #101 on 6/17/24 and during the meeting, he stated he was worried about his vision. The DON attended the meeting and put in a request for the physician to discuss the results of his April ophthalmologist appointment. MDS Coordinator #1 stated Resident #101 was scheduled for a follow up appointment with the ophthalmologist on 8/7/24 at 2:30 PM.</p> <p>An interview was conducted with the Transportation Specialist on 7/25/24 at 2:45. The Transportation Specialist stated she was responsible for scheduling appointments after she received an appointment tracker form from the nurse with the order written by the physician or NP. After she received the form, the Transportation Specialist stated she faxed the resident's demographic records to the office and would wait a few days or weeks to call the office to see if the appointment could be scheduled.</p>	F 685

F 685	<p>Continued From page 24</p> <p>The transportation specialist was unable to provide an appointment tracker form for Resident #101 for ophthalmologist or retinol specialist appointments or records of calls that she made to obtain the appointments. The Transportation Specialist was unable to recall why there was a delay in obtaining Resident #101's ophthalmology appointment. The Transportation Specialist stated she did not know about the order for the retinol specialist consult for Resident #101.</p> <p>An interview was conducted with the Nurse Practitioner (NP) on 7/25/24 at 10:45 AM. The NP stated she wrote orders for appointments and there was a delay in obtaining them. The NP stated it was hard to get appointments made for residents. The NP stated it was important for Resident #101's overall care to be seen by the ophthalmologist and the retinol specialist. The NP indicated the facility should follow orders to obtain appointments.</p> <p>An interview was conducted with the Physician on 7/24/24 at 11:45 AM. The Physician stated he was not sure why there was a delay in obtaining appointments. The Physician indicated referrals were always a problem and obtaining appointments with specialists could be difficult. The Physician stated orders were rewritten several times for the ophthalmology appointment for Resident #101 as it was not made. The Physician stated he expected the facility should follow up to clarify if an appointment had been made by the ophthalmologist for the resident to be seen by the retinol specialist and the nursing staff should communicate the status of appointments.</p> <p>An interview was conducted with the Director of</p>	F 685

F 685	Continued From page 25 Nursing (DON) on 7/25/24 at 3:15 PM. The DON stated there was a system process failure with the referrals for appointments. When an order was written for a consult or an appointment, the nurse was supposed to complete an appointment tracker form and give it to the Transportation Specialist. The DON stated Nurse #7 worked as needed (PRN) and may not have been aware of the process for obtaining appointments. The DON further indicated the consult note from the ophthalmologist was scanned into the electronic record and may not have been reviewed by the NP or physician. The DON stated she expected that when a provider wrote an order for an appointment it would be obtained in a timely manner and the status of the order would be communicated to the provider.	F 685			
F 695 SS=D	Respiratory/Tracheostomy Care and Suctioning CFR(s): 483.25(i)  § 483.25(i) Respiratory care, including tracheostomy care and tracheal suctioning. The facility must ensure that a resident who needs respiratory care, including tracheostomy care and tracheal suctioning, is provided such care, consistent with professional standards of practice, the comprehensive person-centered care plan, the residents' goals and preferences, and 483.65 of this subpart. This REQUIREMENT is not met as evidenced by: Based on record review, observations, staff and physician interviews, the facility failed to apply signage indicating the use of oxygen outside the resident's room for 2 of 2 residents reviewed for oxygen use (Resident #11 and Resident #112).  The findings included:	F 695	Missing oxygen signage was identified for 2 Residents during the Annual Recertification Survey for 2 Residents. The signage was replaced when identified.  The DON and designee procured a list of	8/28/24

F 758	Continued From page 34  An interview on 7/25/24 at 2:03 PM with the Consultant Pharmacist revealed an AIMS assessment should have been done due to Resident #115 being placed on antipsychotic medication.  An interview was completed with the Quality Assurance Nurse on 7/24/24 at 11:07 AM who stated it must have been an oversight. She reported she was responsible for completing the AIMS when recommended by the consulting pharmacist.  During an interview with the Director of Nursing on 7/24/24 at 11:02 AM she stated after reviewing Resident #115's record he had never had an AIMS assessment completed. She stated it should have been done but the computer system did not automatically trigger for nursing staff to do the assessment.	F 758
