The resident has a right to a dignified existence, self-determination, and communication with and access to persons and services inside and outside the facility, including those specified in this section. §483.10(a)(1) A facility must treat each resident with respect and dignity and care for each resident in a manner and in an environment that promotes maintenance or enhancement of his or her quality of life, recognizing each resident's individuality. The facility must protect and promote the rights of the resident. §483.10(a)(2) The facility must provide equal access to quality care regardless of diagnosis, severity of condition, or payment source. A facility must establish and maintain identical policies and practices regarding transfer, discharge, and the provision of services under the State plan for all residents regardless of payment source. §483.10(b) Exercise of Rights.	F0550	Resident #33 discharged from the facility on 11/21/2025. Residents 41 and # 24 still reside in the facility and have had no further issues with maintaining dignity. Residents residing in the facility have the potential to be affected by the deficient practice. The Director of Nursing and Administrator interviewed residents with BIMs of 12 and higher to ensure there were no additional concerns regarding their dignity being maintained. In addition, Nursing Administration conducted skin sweeps on residents with BIMs of 11 or below to ensure there were no skin issues secondary to incontinence care. Completed on 12/4/2025. There were no concerns identified. Education was provided by the Director of Nursing and Administrator to the current staff regarding maintaining dignity and respect for residents. The nurses and certified nurse aides were re-educated on meeting residents' incontinence needs in a timely manner. Education included that care was not provided on a schedule but as the residents' need arises. Initial education was completed on 11/21/2025 and re-education completed again on 12/18/2025. Newly hired staff members will receive the education during orientation from the Administrator and/or the Director of Nursing. She stated there was a night shift (11:00 PM to 7:00 AM) Nurse Aide (NA) #1 who made her lay wet when she was incontinent. Resident #33 stated when she called before first rounds on night shift and informed NA #1 she needed an incontinence change, NA #1 told her, "No ma'am, not for 2 hours, that's what the regulations say" and the previous shift (3:00 PM to 11:00 PM) should have provided incontinence care on their last round. Resident #33 shook her head and angrily stated "her bladder was not on a schedule or timer", and she felt she was being caught in a battle between staff. Resident #33 stated the previous shift had done an incontinence round at approximately 10:00 PM but she had not been incontinent nor needed to use the bathroom at that time. She shared she used her cell phone (noted on overbed table) to track NA #1's response time.</p> <p>A follow up interview was conducted on 11/20/25 at 8:30 AM with Resident #33 to clarify NA #1 not addressing her incontinence care needs. Resident #33 shook her head and stated, "while [NA #1] did come to the room to answer the call bell after change of shift she did not check or provide incontinence care at that time". Resident #33 stated she was aware of when she was incontinent and was made to lie wet until the next rounding on the 11:00 PM to 7:00 AM shift, sharing that lying there wet made her feel "forgotten." Resident #33 stated this happened multiple times but did not provide exact number of times this has happened with NA #1.</p> <p>An interview was conducted on 11/20/25 at 6:00 AM with Nurse Aide (NA) #1 who was named by Resident #33 as the staff member who left her wet. NA #1 stated she had been working at the facility for 6 months. NA #1 explained she received hand off report and completed an initial walk-through on the rooms on her assignment beginning at 10:45 PM. NA #1 stated she began her first incontinence round between 12:30 and 1:00 AM with her second incontinent round beginning between 2:30 AM and 3:00 AM. NA #1 explained her final rounding began at approximately 5:30 AM. NA #1 stated she was usually assigned to 300 hall and split the 100 hall with the 2nd nurse aide on duty. NA #1 reported Resident #33 requested assistance between rounds stating, "she was wet". NA #1 would inform Resident #33 the "3:00 PM to 11:00 PM shift should have changed you at 10:00 PM on their last round." NA #1 explained this happened several times a week and she has told Resident #33 the "regulations say we round every 2 hours". When asked if she checked Resident #33 for incontinence and completed incontinence care when Resident #33 called for assistance before the first round on night shift, NA #1 stated, "yes". Later in the interview, NA #1 shared Resident #33 was one of the two residents who regularly requested assistance between incontinence rounds on night shift and had to be reminded that rounds occur every 2 hours and requests for incontinence care made at the beginning of night shift should have been addressed by the 3:00 PM to 11:00 PM shift.</p> <p>Resident #33's weekly skin check was completed on 11/20/25. The Director of Nursing confirmed that all residents and their representatives should be informed of all available resources and that the postings be in a location easily visible and accessible if any resident or their representative needed them. On 11/21/2025 at 5:14 PM an interview was conducted with the Administrator who stated that contact information for the local Department of Social Services, the State Long Term Care Ombudsman, State Survey Agency or the resident advocacy network should be posted in a location easily visible and accessible should any resident or their representative need to access them. The Administrator stated she thought the Federal posting related to Medicare/Medicaid was adequate.	F0575		
F0577 SS = C	Right to Survey Results/Advocate Agency Info CFR(s): 483.10(g)(10)(11) §483.10(g)(10) The resident has the right to- (i) Examine the results of the most recent survey of the facility conducted by Federal or State surveyors and any plan of correction in effect with respect to the facility; and (ii) Receive information from agencies acting as client advocates, and be afforded the opportunity to contact these agencies. §483.10(g)(11) The facility must-- (i) Post in a place readily accessible to residents, and family members and legal representatives of residents, the results of the most recent survey of the facility. (ii) Have reports with respect to any surveys, certifications, and complaint investigations made respecting the facility during the 3 preceding years, and any plan of correction in effect with respect to the facility, available for any individual to review upon request; and (iii) Post notice of the availability of such reports in areas of the facility that are prominent and accessible to the public. (iv) The facility shall not make available identifying information about complainants or residents.	F0577	Residents residing in the facility have the potential to be affected by the deficient practice. The Regional Nurse Consultant educated the Administrator on the need to display survey results in a location accessible to residents and the public. In addition, the Regional Nurse Consultant explained the survey results should be kept in a labeled binder in the front lobby so that it can be located by residents and visitors that choose to look through it. Education was completed on 11/21/25 and again on 12/15/25. The Administrator educated the staff on the location and contents of the survey result binder so that they may assist residents and visitors looking for it. Education was completed on 12/18/2025. The Administrator will audit the binder in its proper location in the lobby weekly for twelve weeks. The Director of Nursing or designee will forward the results of the audit to the QAPI Committee monthly for three months. The QAPI Committee will review the audit to determine trends and/or issues that may need further interventions put into place and to determine the need for further and/or frequency of monitoring.	12/19/2025

F0577 SS = C	<p>Continued from page 10 This REQUIREMENT is NOT MET as evidenced by:</p> <p>Based on observations, resident and staff interviews, the facility failed to display survey results in a location accessible to residents and the public. This deficient practice occurred for 4 out of 4 days of the survey.</p> <p>The findings included:</p> <p>During an initial tour of the facility on 11/18/25 at 1:00 PM, survey result signage was observed in a picture frame on a table behind the receptionist in the main lobby. The survey signage revealed the following statement: State Survey results are in the binder under this sign. Survey signage was not observed in any other area in the facility. No binder was observed under the signage.</p> <p>An observation on 11/19/25 at 11:00 AM revealed the survey results binder was not located in any other area of the facility. Further observation of the desk behind the receptionist continued to reveal no evidence of the survey results binder.</p> <p>An additional observation on 11/20/25 at 10:00 AM revealed the survey results binder was not located in any other area of the facility. Further observation of the desk behind the receptionist continued to reveal no evidence of the survey results binder.</p> <p>A Resident Council group meeting was conducted on 11/20/25 at 10:31 AM. During the meeting, the resident council attendees indicated they did not know where the survey results were located (Resident #4, Resident # 23, Resident #42, and Resident #53). The Resident Council President shared he had been at the facility for 3 years and did not know the location of the survey results.</p> <p>An interview and observation were completed with the Activities Director (AD) and the Director of Nursing (DON) on 11/20/25 at 11:02 AM. Both stated that the survey results binder would be located behind the receptionist desk in the front lobby. During the walking tour the AD and DON were unable to locate the survey results binder. The DON stated she was not sure where the binder was, but she would ask the Administrator.</p> <p>In an interview with the Administrator on 11/21/2025 at 5:14 PM, she explained the survey result binder should be behind the receptionist desk and a sign was posted there identifying the location of the survey results</p>	F0577

(i) These requirements include provisions to inform and provide written information to all adult residents concerning the right to accept or refuse medical or surgical treatment and, at the resident's option, formulate an advance directive. (ii) This includes a written description of the facility's policies to implement advance directives and applicable State law. (iii) Facilities are permitted to contract with other entities to furnish this information but are still legally responsible for ensuring that the requirements of this section are met. (iv) If an adult individual is incapacitated at the time of admission and is unable to receive information or articulate whether or not he or she has executed an advance directive, the facility may give advance directive information to the individual's resident representative in accordance with State law. (v) The facility is not relieved of its obligation to provide this information to the individual once he or she is able to receive such information. Follow-up	F0578	Resident #4 resides in the facility. Resident #4's MOST form, physician order and care plan were updated to show Resident #4 is a Full Code. Review completed by Director of Nursing on 12/18/2025. Residents residing in the facility have the potential to be affected. The Director of Nursing and Assistant Director of Nursing completed an audit of current residents to ensure the MOST form, physician order and care plan matched to indicate the resident's status. Audit was completed on 12/18/2025. There were no issues identified. The Director of Nursing provided education to the nurses regarding the need to ensure that all segments indicating the code status are correct and match. The three segments include the physician order in the electronic record, the MOST form and the care plan. Education was completed on 12/18/2025. Newly hired nurses will be educated during orientation by the Director of Nursing. The Director of Nursing and Assistant Director of Nursing will audit ten residents advance directives a week for twelve weeks to ensure the MOST form, physician order and care plan are accurate and match. The Director of Nursing or designee will forward the results of the audit to the QAPI Committee monthly for three months. The QAPI Committee will review the audit to determine trends and/or issues that may need further interventions put into place and to determine the need for further and/or frequency of monitoring.	12/19/2025
