

NC Department of Health and Human Services

NC Nurse Aide I Curriculum

Module M

The Interdisciplinary Care Plan

July 2024

1

Objectives

1. Define and discuss Maslow's Hierarchy of needs in the development of the plan of care
2. Define the interdisciplinary care plan and discuss its importance
3. Discuss the role of the nurse aide in the care plan
4. Describe documentation of care by the nurse aide
5. Describe delegation of tasks

2

Maslow's Hierarchy of Needs

Self-Actualization

Self-Esteem

Love and Belonging

Safety and Security

Physiological Needs

3

Maslow's Hierarchy of Needs (2)

- The nurse aide is a vital link in assisting the resident to achieve individual levels of need
- The order of importance begins at the lowest level on the hierarchy
- Lower-level needs must be met before higher-level needs are met

NCDHHS/DHSR/HCPEC | Module M The Interdisciplinary Care Plan | July 2024

4

4

The Interdisciplinary Care Plan

The health care team has the responsibility to provide a plan of care:

- Based on the individual needs of the resident
- Used for coordination and continuity of care
- Used to support directives given from the doctor and other members of the healthcare team

NCDHHS/DHSR/HCPEC | Module M The Interdisciplinary Care Plan | July 2024

5

5

Importance of the Interdisciplinary Care Plan

The interdisciplinary care plan:

- is organized, individualized, and has purpose
- begins on admission
- guides the healthcare team members on the delivery of care
- is instrumental for resident safety
- determines consistent care for the resident

NCDHHS/DHSR/HCPEC | Module M The Interdisciplinary Care Plan | July 2024

6

6

The Interdisciplinary Care Plan (2)

Care of the resident is a constantly changing process requiring reassessments per regulatory agencies

NCDHHS/DHSR/HCPEC | Module M The Interdisciplinary Care Plan | July 2024

7

Implementation and Evaluation of the Care Plan

-  Requires teamwork
-  Effective communication
-  Accurate observations
-  Detailed reporting

NCDHHS/DHSR/HCPEC | Module M The Interdisciplinary Care Plan | July 2024

8

The Role of the Nurse Aide

-  the team with collecting information through interactions with the resident
-  the resident to participate in meeting established goals identified in the care plan
-  care determined to positively impact the well-being of the resident
- Report**  observations to help the healthcare team determine if priorities and goals are met

NCDHHS/DHSR/HCPEC | Module M The Interdisciplinary Care Plan | July 2024

9

Documentation of Care by the Nurse Aide

Documentation is not difficult, but it must be done properly

NCDHHS/DHSR/HCPEC | Module M The Interdisciplinary Care Plan | July 2024

10

Documentation of Care

ACUTE CARE

HOME CARE

LONG TERM CARE

NCDHHS/DHSR/HCPEC | Module M The Interdisciplinary Care Plan | July 2024

11

Delegation of Tasks

A registered nurse assesses knowledge and skills of the delegate and matches tasks to skills

Delegation to the nurse aide improves efficiency and shows trust

12

12

The 5 Rights of Delegation

- Right Person
- Right Task
- Right Circumstance
- Right Directions and Communication
- Right Supervision and Evaluation

NCDHHS/DHSR/HCP/EC | Module M The Interdisciplinary Care Plan | July 2024

13

Responsibilities of the Nurse Aide in Delegation

- Accept tasks based on own competence level
- Maintain competence for delegated responsibility
- Maintain accountability for delegated tasks

NCDHHS/DHSR/HCP/EC | Module M The Interdisciplinary Care Plan | July 2024

14

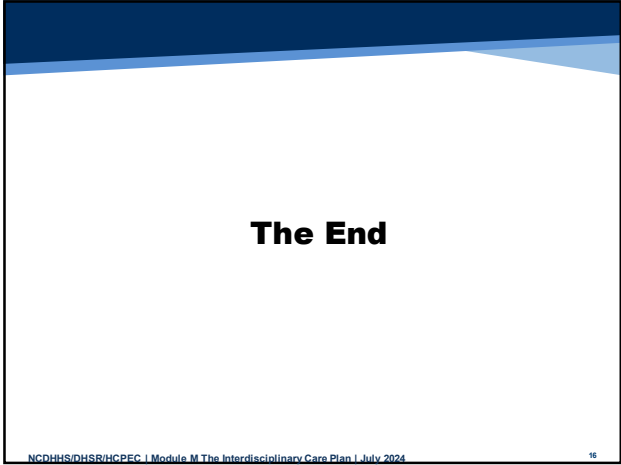

The Interdisciplinary Care Plan (3)

The resident's health and well being are dependent upon the interdisciplinary team.
