Entities -

(See attached list of affected North Carolina Home Health Agencies for specific home health addresses and state licenses affected by the proposal set forth in this letter)

Dear Mr Smith:

By way of this letter, I am respectfully requesting a non-review determination under applicable North Carolina CON Rules for the below outlined business conversion plan for the above identified Gentiva Health Services ("Gentiva") operating entities holding North Carolina home health CONs and state licenses.

Business Conversion Plan:

Gentiva's current corporate organizational structure includes wholly owned subsidiaries comprised of multiple types of business structures, e.g., limited liability companies, corporations, etc. The proposed business conversion plan involves changing corporations that are "provider organizations" (holding North Carolina CONs, state licenses, and Medicare Provider Numbers) and corporations that are direct and indirect owners of the "provider organizations" to limited liability companies.

For your quick reference, please see the attached **current** and **proposed** streamlined corporate organizational charts depicting the conversion from corporations to limited liability companies for each of the identified "provider organizations," as well as their respective direct and indirect owners.

In addition to converting the identified corporations to limited liability companies, Gentiva proposes to streamline its immediate top level organizational structure by merging "The Healthfield Group, Inc." subsidiary into "Gentiva Health Services Holding Corp. Concurrent with the merger, all of the subsidiaries that are currently under "The Healthfield Group, Inc." will become subsidiaries under "Gentiva Health Services Holding Corp.

Page 2 of 2

The above outlined business conversion plan will **not** create a change in any of the identified provider organizations':

- 1. FEIN (TIN) issued by the IRS, or
- 2. operating policies and procedures, or
- 3. governing body, or
- 4. current operating name, Gentiva Health Services, or
- 5. the immediate direct and indirect ownership of the provider organizations.

In essence, the only changes occurring will be:

- 1. the business structure of the provider organization and its direct/indirect owners, and
- 2. the removal of an indirect owner at the top of Gentiva's chain organization.

Based on the above information and our telephone conversations with your department, we do not believe Gentiva's proposed business conversion plan will affect any CON status. However, we were directed to make a "request for no review." Whereas we desire to implement the plan by the end of this year and would like to begin communications as soon as possible with the North Carolina Licensure & Certification Section, we would appreciate your prompt attention to this matter.

If you have any questions, please call me at 913-814-2716 or send an email to me at linda.skaggs@gentiva.com.

Thanking you in advance for your prompt attention to this matter.

Sincerely,

Linda Skaggs
