Exempt from Review – Physician Office

Record #: 2275
Business Name: Granville Health System
Business #: 841
Project Description: Develop a physician office building on the campus of Granville Medical Center
County: Oxford

Dear Mr. Brand:

The Healthcare Planning and Certificate of Need Section, Division of Health Service Regulation (Agency), determined that based on your letter of May 3, 2017, the above referenced proposal is exempt from certificate of need review in accordance with N.C. Gen. Stat. §131E-184(a)(9). Therefore, you may proceed to offer, develop or establish the above referenced project without a certificate of need.

However, you need to contact the Agency's Construction and the Acute and Home Care Licensure and Certification Sections to determine if they have any requirements for development of the proposed physician office.

It should be noted that this Agency's position is based solely on the facts represented by you and that any change in facts as represented would require further consideration by the Agency and a separate determination. If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,

Bernetta Thorne-Williams
Project Analyst

RE: Exemption Notification for Physician Office Building

Dear Ms. Frisone:

Pursuant to N.C.G.S. §131E-184(a)(9), I am writing you to provide prior notice of Granville Health System's intent to develop a physician office building on the campus of Granville Medical Center in Oxford. The cost of the project has not yet been finalized but is expected to exceed \$2 million.

At present, the first floor of the building is expected to house primary care physician offices. The second floor will also be available to house physician offices, but no specific practices have been identified to date. No new institutional health services are expected to be offered or developed in the building. Specifically, the building will not house a health service facility as defined in N.C.G.S. §131E-176(9)(b), nor does Granville Health System propose to acquire any major medical equipment or any equipment listed in N.C.G.S. §131E-176(16)(f1).

Based on these facts and the prior notice given with this letter, Granville Health System believes that the construction of the physician office building is exempt from review. I would appreciate a written response to confirm that you agree with this understanding.

Please let me know if I can answer any questions.

Best regards,

Jason Brand, M.Ed., MHA
