Exempt from Review – Replacement Equipment

Record #: 2554
Facility Name: Alliance Healthcare Services, Inc.
FID #: 020756
Business Name: Alliance Healthcare Services, Inc.
Business #: 60
Project Description: Temporarily replace mobile PET/CT Unit 110
Counties: Burke, Caldwell, Cleveland, Davidson, Haywood, Henderson, Jackson, Mecklenburg, Randolph, Rowan, Rutherford, Stanly, Surry, and Watauga

Dear Mr. French:

The Healthcare Planning and Certificate of Need Section, Division of Health Service Regulation (Agency), determined that based on your letter of March 19, 2018, the above referenced proposal is exempt from certificate of need review in accordance with N.C. Gen. Stat. §131E-184(a)(7). Therefore, you may proceed to acquire without a certificate of need the Siemens Biograph 6 (PET/CT Unit 44, Serial #1M9A6A8256H022243) to temporarily replace the Siemens Biograph 6 (PET/CT Unit 110, Serial #1M9A6A8256H022233). This determination is based on your representations that the PET/CT Unit 44 will be sold or otherwise disposed of and will not be used again in the State without first obtaining a certificate of need if one is required.

Moreover, you need to contact the Agency's Construction, Radiation Protection, and Acute and Home Care Licensure and Certification Sections to determine if they have any requirements for development of the proposed project.

It should be noted that the Agency's position is based solely on the facts represented by you and that any change in facts as represented would require further consideration by this office and a separate determination.

RE: Alliance Imaging Inc. – Emergency Exemption Notice for Mobile PET/CT 110
March 19, 2018

Dear Ms. Frisone:

I am writing on behalf of my client, Alliance Healthcare Services d/b/a/Alliance Imaging Inc., regarding the need to temporarily replace mobile PET/CT Unit 110, Serial Number 1M9A6A8256H022233. This unit has been out of service for two days (beginning March 16, 2018) and repair parts have been ordered. The temporary replacement unit is PET/CT 44, Serial Number 1M9A6A8256H022243, which will be brought to North Carolina to serve host sites that are normally scheduled to be served by PET/CT 110. Once the PET/CT 110 unit is repaired and operational in North Carolina, PET/CT 44 shall be removed from the State.

A previous exemption has been approved to permanently replace the PET/CT 110 with either one new GE PET/CT scanner or one new Siemens PET/CT scanner to be purchased by Alliance, each with a total capital cost of less than \$2,000,000. However, the permanent replacement unit is not yet available for delivery to North Carolina.

This letter provides justification and written notice regarding the temporary replacement equipment in accordance with NCGS 131 E-184. Alliance Imaging Inc. also provides documentation that the replacement equipment conforms to the Certificate of Need laws and Administrative rules:

G.S. 131E-176 (22a) Replacement equipment definition
G.S. 131E-184 (a) (7) Exemptions from review to provide replacement equipment
10A NCAC 14C.0303 Replacement Equipment Administrative Rules

Overview

The existing PET/CT scanner requires replacement for several reasons:

- 1) The existing PET/CT 110 is ten years old and has required frequent repairs due to the age and condition of the unit.
- 2) Service to the existing host sites will be disrupted if a replacement mobile PET/CT unit cannot be provided.
- 3) Patient diagnosis and treatment at the host sites will be seriously disrupted without access to PET/CT.

Alliance Imaging recognizes the need to provide high quality, cost effective, and reliable mobile PET/CT scanner service.

Compliance Documentation

Compliance with G.S. 131E-176 (22a) Replacement Equipment Definition is demonstrated because the temporary replacement unit PET/CT 44, Serial Number 1M9A6A8256H022243, is owned by Alliance and has a capital cost of less than \$2,000,000. No additional shipping or installation costs are expected. The temporary replacement PET/CT equipment will be used for the same diagnostic purposes as the existing equipment. Once PET/CT 100 is repaired and becomes operational, PET/CT 44 will be removed from North Carolina.

In addition, Alliance Imaging is providing prior written notice to the Department in accordance with G.S. 131E-184 (a) (7) Exemption from Review to provide replacement equipment.

Applicability and Conformance with Administrative Rule 10A NCAC 14C.0303 Replacement Equipment

The proposed replacement PET/CT equipment conforms to the rules as follows:

10A NCAC 14C.0303 Replacement Equipment

(a) *The purpose of this Rule is to define the terms used in the definition of "replacement equipment" set forth in G.S. 131E-176(22a).*

Alliance Imaging Inc. has reviewed this rule definition.

(b) *"Activities essential to acquiring and making operational the replacement equipment" means those activities which are indispensable and requisite, absent which the replacement equipment could not be acquired or made operational.*

Alliance Imaging Inc. has reviewed this rule definition.

(c) *"Comparable medical equipment" means equipment which is functionally similar and which is used for the same diagnostic or treatment purposes.*

Alliance Imaging Inc. has reviewed this rule definition.

(d) *Replacement equipment is comparable to the equipment being replaced if:*

(1) it has the same technology as the equipment currently in use, although it may possess expanded capabilities due to technological improvements; and

The replacement PET/CT scanner is comparable to the equipment being replaced because the replacement equipment will also obtain PET/CT images and data. The proposed replacement mobile PET/CT scanner is used to acquire the same type of PET/CT images and data.

(2) it is functionally similar and is used for the same diagnostic or treatment purposes as the equipment in use and is not used to provide a new health service; and

Alliance Imaging Inc. certifies that the replacement mobile PET/CT equipment will be used for the same diagnostic purposes as the existing unit.

(3) The acquisition of the equipment does not result in more than a 10% increase in patient charges or per procedure operating expenses within the first twelve months after the replacement equipment is acquired.

As seen in Attachment 1, the proposed replacement shall not result in more than a 10% increase in operating expenses to the host sites within the first 12 months after replacement

(e) Replacement equipment is not comparable to the equipment being replaced if:

(1) the replacement equipment is new or reconditioned, the existing equipment was purchased second hand and the replacement equipment is purchased less than three years after the acquisition of the existing equipment.

Not applicable. The replacement equipment is functionally similar to the existing equipment and will be used for the same diagnostic procedures as the existing equipment. The temporary replacement PET/CT equipment is used and owned by Alliance. The PET/CT unit to be replaced was acquired by Alliance more than ten years ago.

(2) The replacement equipment is new, the existing equipment was reconditioned when purchased, and the replacement equipment is purchased less than three years after the acquisition of the existing equipment; or

Not applicable. The existing equipment (PET/CT 110) was new when it was acquired in 2008 and the replacement equipment will be purchased new and owned by Alliance; in the interim, PET/CT 110 will be temporarily replaced by PET/CT 44.

(3) The replacement equipment is capable of performing procedures that could result in the provision of a new health service or type of procedure that has not been provided with the existing equipment; or

Not applicable. The replacement equipment is functionally similar to the existing equipment and will be used for the same diagnostic procedures as the existing equipment.

(4) The replacement equipment is purchased and the existing equipment is leased, unless the lease is a capital lease;

Not applicable. Both the existing and the replacement equipment are owned by Alliance.

(5) The replacement equipment is a dedicated PET scanner and the existing equipment is:

(A) a gamma camera with coincidence capability; or

(B) nuclear medicine equipment that was designed, built, modified to detect only the single photon emitted from nuclear events other than positron annihilation.

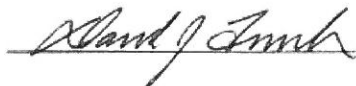

Not applicable. The existing equipment is not a gamma camera or nuclear medicine equipment.

RE: Temporary Equipment Replacement for PET/CT Unit 110

Dear Ms. Frisone,

Alliance Imaging intends to temporarily replace its existing mobile PET/CT 110, serial number 1M9A6A8256H022233, with a replacement unit, PET/CT 44.

In accordance with 10A NCAC 14C.030 Replacement Equipment Administrative Rules, Alliance agree that the replacement PET/CT equipment will not result in more than a 10 percent increase in expense or charges to any of the PET/CT host sites within the first twelve months after the equipment is acquired.

Thank you for your consideration. Please call me at 336 580-9061 if you have any questions.

Sincerely,

Rodney Skelding
