**Exempt from Review – Replacement Equipment**

**Record #:** 3236  
**Business Name:** Alliance Healthcare Services, Inc.  
**Business #:** 60  
**Project Description:** Temporarily replace existing mobile MRI scanner  
**County:** Multiple

Dear Mr. French:

The Healthcare Planning and Certificate of Need Section, Division of Health Service Regulation (Agency), determined that based on your letter of March 4, 2020, the above referenced proposal is exempt from certificate of need review in accordance with N.C. Gen. Stat. §131E-184(a)(7). Therefore, you may proceed to temporarily acquire the Signa 269 MRI scanner (serial #1KKVA48292L208014) to replace the existing Signa 432 MRI scanner (serial #1S9FA482061182880), serving host sites in Cleveland, Gaston, Iredell, Mecklenburg, Scotland, and Union counties without a certificate of need. This determination is based on your representations that this acquisition is temporary while the Signa 432 MRI scanner is undergoing repairs and once the Signa 432 MRI scanner is repaired, the Signa 269 MRI scanner will be removed from the State and will not be used again in the State without first obtaining a certificate of need if one is required.

It should be noted that the Agency's position is based solely on the facts represented by you and that any change in facts as represented would require further consideration by this office and a separate determination. If you have any questions concerning this matter, please feel free to contact this office.

If you have any questions concerning this matter, please feel free to contact this office.

RE: Alliance Healthcare Services - Written Notice for Exemption from CON Review for Temporary Replacement of Mobile MRI Scanner SIGNA 432, Serial # 1S9FA482061182880 (grandfathered unit)

Dear Ms. Frisone:

I am writing on behalf of my client, Alliance Healthcare Services (Alliance), regarding the urgent need to temporarily replace mobile MRI scanner SIGNA 432, # 1S9FA482061182880 (grandfathered unit). A copy of the SIGNA 432 Mobile MRI Inventory Form is attached. Please accept this notice of exemption to temporarily replace the above unit with Signa 269 Serial # 1KKVA48292L208014. This replacement MRI unit is already owned by Alliance. When this unit is no longer needed to serve as a temporary replacement for SIGNA 432 it will be removed from North Carolina.

This letter provides justification and written notice regarding the replacement equipment in accordance with NCGS 131 E-184. Alliance Healthcare Services also provides documentation that the replacement equipment conforms to the Certificate of Need laws and Administrative rules: G.S. 131E-184 (a) (7) Exemptions from Review to provide replacement equipment and 10A NCAC 14C.0303 Replacement Equipment Administrative Rules.

**Overview**

The existing mobile MRI scanner requires temporary replacement for several reasons:

- 1) The existing SIGNA 432 requires immediate repairs.
- 2) Service to the existing host sites will be disrupted if a temporary replacement mobile MRI scanner is not provided.
- 3) Patient diagnosis and treatment at the host sites will be disrupted without access to MRI.
- 4) Alliance has no available capacity on other MRI scanners in North Carolina to provide coverage for the unit that needs to be repaired.

Alliance recognizes the need to provide high quality, cost effective, and reliable mobile MRI scanner service. The host sites that will be served by the replacement mobile MRI scanner are:

OrthoCarolina-Shelby 101 Delta Park Drive Shelby, NC 28150 Cleveland	OrthoCarolina- Mooresville 124 Welton Way Mooresville, NC 28117 Iredell	OrthoCarolina P.A. 1604 Medical Drive Laurinburg, NC 28352 Scotland
OrthoCarolina- Monroe 703 Comfort Lane Monroe, NC 28112 Union	OrthoCarolina – Gastonia 870 Summit Crossing Place Gastonia, NC 28040 Gaston	OrthoCarolina- Spine Center 2001 Randolph Road Charlotte, NC 28207 Mecklenburg
OrthoCarolina 9848 North Tryon Charlotte, NC 28262  Mecklenburg		

**Compliance Documentation**

Compliance with G.S. 131E-176 (22a) Replacement Equipment Definition is demonstrated because the temporary replacement MRI scanner has a fair market value of \$425,000.

The replacement MRI equipment will be used for the same diagnostic purposes as the existing equipment. In addition, Alliance is providing prior written notice to the Department in accordance with G.S. 131E-184 (a) (7) Exemption from Review to provide replacement equipment.

**Applicability and Conformance with Administrative Rule 10A NCAC 14C.0303 Replacement Equipment**

Alliance plans to use an existing mobile MRI as a temporary replacement. No equipment will be purchased. The temporary replacement equipment conforms to the rules as follows:

*10A NCSC 14C. 0303 Replacement Equipment*

*(a) The purpose of this Rule is to define the terms used in the definition of “replacement equipment” set forth in G.S. 131E-176(22a).*

Alliance Healthcare Services has reviewed this rule definition.

*(b) “Activities essential to acquiring and making operational the replacement equipment” means those activities which are indispensable and requisite, absent which the replacement equipment could not be acquired or made operational.*

Alliance Healthcare Services has reviewed this rule definition.

*(c) "Comparable medical equipment" means equipment which is functionally similar and which is used for the same diagnostic or treatment purposes.*

Alliance Healthcare Services has reviewed this rule definition.

*(d) Replacement equipment is comparable to the equipment being replaced if:*

*(1) it has the same technology as the equipment currently in use, although it may possess expanded capabilities due to technological improvements; and*

The replacement MRI scanner is comparable to the equipment being replaced because the temporary replacement equipment will also obtain MRI images and data. The proposed replacement mobile MRI scanner will be used to acquire the same types of MRI images and data.

*(2) it is functionally similar and is used for the same diagnostic or treatment purposes as the equipment in use and is not used to provide a new health service; and*

Alliance Healthcare Services certifies that the replacement mobile MRI equipment will be used for the same diagnostic purposes as the existing MRI unit.

*(3) The acquisition of the equipment does not result in more than a 10% increase in patient charges or per procedure operating expenses within the first twelve months after the replacement equipment is acquired.*

The host site will utilize the temporary replacement MRI scanner and shall be notified by Alliance Imaging that no increases in costs or patient charges will result from the temporary replacement.

*(e) Replacement equipment is not comparable to the equipment being replaced if:*

*(1) the replacement equipment is new or reconditioned, the existing equipment was purchased second hand and the replacement equipment is purchased less than three years after the acquisition of the existing equipment.*

Not applicable. This notice involves a temporary replacement MRI scanner. Following completion of the repairs the existing equipment will be brought back into service and the temporary replacement unit will be removed from North Carolina.

*(2) The replacement equipment is new, the existing equipment was reconditioned when purchased, and the replacement equipment is purchased less than three years after the acquisition of the existing equipment; or*

Not applicable. See the explanation above.

*(3) The replacement equipment is capable of performing procedures that could result in the provision of a new health service or type of procedure that has not been provided with the existing equipment; or*

Not applicable. The replacement equipment is functionally similar to the existing equipment and will be used for the same diagnostic procedures as the existing equipment. The existing equipment will be brought back into service and the temporary replacement unit will be removed from North Carolina.

*(4) The replacement equipment is purchased and the existing equipment is leased, unless the lease is a capital lease;*

Not applicable. The existing equipment is not leased.

*(5) The replacement equipment is a dedicated PET scanner and the existing equipment is:*

*(A) a gamma camera with coincidence capability; or*

*(B) nuclear medicine equipment that was designed, built, modified to detect only the single photon emitted from nuclear events other than positron annihilation.*

Not applicable. The existing equipment is an MRI scanner and not a gamma camera or nuclear medicine equipment.

RE: Temporary Equipment Replacement for MRI Scanner SIGNA 432

Dear Ms. Frisone,

Alliance Healthcare Services intends to temporarily replace its existing mobile MRI SIGNA 432 (# 1S9FA482061182880) with a replacement unit, SIGNA 269, #1KKVA48292L208014.

In accordance with 10A NCAC 14C.030 Replacement Equipment Administrative Rules, Alliance agrees that the replacement MRI scanner equipment will not result in more than a 10 percent increase in expense or charges to any MRI host sites. This is a temporary replacement and no changes to the current agreements or charges will result.

Thank you for your consideration. Please call me at if you have any questions.

Sincerely,
