<b>F 156</b>	<p>Continued From Page 3</p> <p>In a phone interview with Resident #3 ' s responsible party on 04/19/17 at 10:30 a.m., he stated that the resident had been referred for short-term rehabilitation from an acute care setting. He indicated he had been in contact with the facility ' s Admission Director. Because Resident #3 was private pay, he was told her care would require pre-payment. The Admission Director quoted him a daily rate of \$250 for an estimated 60-day stay for a required advanced payment of \$15,000.</p> <p>The responsible party of Resident #3 stated that he had toured the facility on 01/18/17 with the Admission Coordinator who worked with the Director. He asked specific questions about physical therapy and medications but the Coordinator did not mention that these were additional charges that were not included in the quoted daily rate.</p> <p>Resident #3 was transported by Emergency Medical Services to the facility on 01/19/17 where she was admitted at 12:00 p.m. accompanied by her responsible party. Resident #3 was admitted to a bed that was certified for Medicare and Medicaid.</p> <p>Resident #3 ' s responsible party signed the Business Contract on 01/20/17 as the responsible party. The Rates and Services page of the contract listed a daily rate of \$259.00 that did not include charges for therapy services or medications.</p> <p>In a phone interview with Resident #3 ' s responsible party on 04/19/17 at 10:30 a.m., he said that he first learned of separate charges for these services on 01/20/17, the day after Resident #3 ' s admission. He said he was "very shocked" to find out about these charges. He was asked at that time to provide a check for \$15,540 instead of the \$15,000 originally quoted.</p> <p>The Admission Director was not available for an interview. In an interview with the Admission Coordinator on 04/19/17 at 4:00 p.m., she indicated that she typically does not give out financial quotes but directs residents to the Business Office. She did not remember giving any quote to the family or discussing any quotes that had been given. She acknowledged that admission paperwork is sometimes not done on the same day as admission if the resident is admitted late in the day or the Coordinator gets busy. With regard to Resident #3, the Admission Coordinator arranged a meeting the following day (01/20/17) at 10:45 a.m. with the resident, family members, herself, the Business Office, the unit nursing supervisor and representatives from social work and rehabilitation services.</p> <p>In an interview with the Administrator on 04/20/17 at 10:20 a.m., he acknowledged that the original financial estimate for care given to Resident #3 ' s responsible party was "incomplete." The Admission Director had quoted a daily room and board rate of \$254 which was an inclusive rate for long-term care with little to no rehabilitation services and few medications. Because Resident #3 needed short-term rehabilitation services, the quote which should have been provided was \$254 non-inclusive of pharmacy and rehabilitation therapies. The Administrator said he met with the Resident #3 ' s responsible party within two days of admission when the error in the financial estimate was discovered.</p> <p>The admission Minimum Data Set dated 01/26/17 indicated Resident #3 was cognitively intact and needed</p>
