Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

F 692	<p>Continued From page 1</p> <p>facility failed to transcribe and implement a Physician's order for 1 of 1 resident (Resident #2) reviewed for dietary needs.</p> <p>Findings included:</p> <p>Resident #2 was admitted to the facility on 12-29-21 with multiple diagnoses that included diabetes and chronic kidney disease stage 5.</p> <p>The admission Minimum Data Set (MDS) dated 1-3-22 revealed Resident #2 was cognitively intact.</p> <p>Review of Resident #2's Medical Record revealed he had an appointment on 3-15-22 with an outside Physician for his kidney disease. Documentation showed a prescription was provided to the facility for Resident #2 to receive a strict diabetic diet and a low phosphorous diet.</p> <p>Resident #2's medical record revealed an active order (initiated on 12-29-21) that read CCD (consistent carbohydrate diet) diet, and NAS (no added salt) diet.</p> <p>Resident #2 was interviewed on 3-21-22 at 8:10am. The resident discussed a concern about the diet he was receiving. He explained he had been to his kidney doctor last week (3-15-22) and the doctor had placed him on a no carbohydrate diet. Resident #2 stated he had continued to receive several carbohydrates on his meal tray and when he had asked for an alternate meal, the alternate also had many carbohydrates.</p> <p>Nurse #2 was interviewed on 3-22-22 at 10:05am. The nurse explained the process of transcribing orders from an outside physician.</p>	F 692	<p>to transcribe and implement a physician order in regards to Resident #2's diet change per the recommendation of consulting physician.</p> <p>2. All Facility residents that have a change in a diet order have the potential to be affected by this deficient practice. All diet orders will be audited by 04-04-2022 DON/nursing/designee.</p> <p>3. All Nursing staff will be in-serviced on proper policy and procedures in relation to when a physician gives a diet order change, whether a verbal order/telephone order or a written order, to change a resident's diet must be followed and completed per the directed physician order and communicated to the dietary department by the DON/ designee by 04-06-2022.</p> <p>4. The DON/ designee will audit all new dietary orders/recommendations to ensure MD orders are being properly followed and communicated to the dietary department five times a week for six weeks. Then two times a week for six weeks to ensure nursing is following all MD orders in relation to diet changes. Audit Results and any concerns identified will be reported/ trended to our Quality Assurance committee monthly times three.</p> <p>5. Date of compliance 04-08-2022</p>

F 692	<p>Continued From page 2</p> <p>She stated when a resident returned to the facility from a Physician appointment, the paperwork would be processed by the nurse and any new orders were reviewed by the facility physician. The nurse said once the order was approved by the facility Physician, the order was transcribed into the electronic medical record. She explained Resident #2's diet order would have been processed the same way but with a dietary form filled out for the dietician. Nurse #2 stated she did not know what happened to the order but was aware Resident #2 had not had a diet change since his admission to the facility.</p> <p>A phone interview was attempted with Nurse #3 on 3/22/22 at 11:33am and on 3/23/22 at 9:22am. She was unable to be reached. Nurse #3 was assigned to Resident #2 on 3/15/22 when he returned from his outside physician appointment with a new order for a strict diabetic diet and low phosphorous diet. This new order was not transcribed or implemented for Resident #2.</p> <p>The Dietary Manager (DM) was interviewed on 3-22-22 at 10:21am. The DM explained when a resident had a change in their diet ordered, she would receive a diet slip with the new diet order. She stated she was not aware of the order for a diet change on Resident #2 and had not received a diet slip with the new diet order.</p> <p>The Registered Dietician (RD) was interviewed by telephone on 3-23-22. The RD explained when a resident was ordered a new diet, the DM would receive a dietary slip with the new diet order. She stated the DM and herself were unaware of any new diet order from Resident #2's kidney doctor. The RD also said if she had been made aware of the new order, she would have discussed the</p>	F 692

F 692	Continued From page 3 changes with Resident #2 and placed all high phosphorous foods as dislikes on the resident's meal card so staff would know not to serve the resident foods that were high in phosphorous. The Facility Physician was interviewed by telephone on 3-22-22 at 4:01pm. The Physician stated she had approved the new dietary order for Resident #2 and was not aware the order had not been processed. She stated she would have expected the order to be processed and a conversation between all parties including the kidney doctor to discuss what type of diet were options in a long-term care setting. The Administrator was interviewed on 3-22-22 at 12:35pm. The Administrator stated she did not know how the order was missed and not conveyed to the DM. She explained once the order was approved, the nurse should have processed the order and provided the DM with a dietary slip with the new diet order.	F 692
