

CHAPTER 10: NURSING CARE FACILITIES

The following are draft materials related to the projected Nursing Care Bed Need Determinations

Table 10A: Inventory of Nursing Home and Hospital Nursing Care Beds.

Table 10B: Nursing Bed Need Projections for 2014.

Table 10C: Nursing Bed Need Determinations for 2011.

Based on the application of the current methodology, assumptions and current population estimates and projections, there is need for 10 beds in Camden (a carryover from the 2010 SMFP), 20 beds in Perquimans (a carryover from the 2008 SMFP) and a need for 60 beds in Johnston County.

Note: Figures are entered from the 2010 Nursing Home License Renewal Applications. Data were self reported and are not verified by the Medical Facilities Planning Section. Further, the data provided on the following pages is preliminary and is subject to change throughout the planning year.
