1. Shall continue to operate as a mobile PET scanner at the facility, including satellite campuses, where the fixed PET scanner is located or was approved to be located.
2. Shall be moved at least weekly to provide services at two or more host facilities¹.
3. Shall not serve any mobile host site that is not owned by the PET certificate holder or an entity related to the PET certificate holder such as a parent or subsidiary that is located in the county where any existing or approved fixed PET scanner is located, except as required by subpart (1).

¹ The council recommended the revision of the current East and West service areas to a statewide service area to allow flexibility in servicing mobile PET sites.
